

IN THE CIRCUIT COURT OF THE STATE OF OREGON  
FOR THE COUNTY OF CROOK

IN THE MATTER OF THE DETERMINATION OF  
THE RELATIVE RIGHTS TO THE WATERS OF  
SQUAW CREEK, A TRIBUTARY OF THE DESCHUTES  
RIVER, IN CROOK COUNTY, OREGON.

D E C R E E .

Now on this 1st day of May, 1911, this cause coming on for a decree upon the findings of fact and order of determination heretofore made by the Board of Control of the State of Oregon and filed in the above entitled court, and now on this the 5th day of May 1911, the court having heretofore made certain corrections and modifications of the findings and order of determination of the Board of Control, and having approved and adopted as the findings of this court the said findings and order of determination as so modified, and being <sup>now</sup> fully advised in the premises;

It is hereby ordered, adjudged and decreed, that J. D. Bowman, Charles Bohler, E. D. Born, Jr., Combs Estate (John Combs, administrator), Stafford Dixon, Inez Fullerton, A. L. Goodwillie, W. J. Griffith, Hahn & Fried, E. N. Hodson, Lilly Holsworth, L. F. Humphrey, Lula Hahn, J. B. Hodson, Elija Jones, H. Johnson Estate (C. E. Person, administrator), Frank Murk, D. L. Miller, C. E. Person, E. E. Pier, L. O. Reed, Tom Stockley, Alex Smith, J. H. Stidham, Mrs. M. F. Skelton, Snow Creek Irrigation Company, G. F. Scott, Samuel B. Woodward, Viola B. Wilson and F. Zumwalt, and each and all of them, and all other persons, firms and corporations claiming any right to the waters of said stream or lake, who have not appeared and filed their statements of claim to the waters of said stream or lake, and made proofs herein as to their said rights, and each and all of them are in default herein, and such default is hereby entered.

It is hereby further ordered, adjudged and decreed that J. B. Palmer has a right of way over the SE $\frac{1}{4}$  of Sec. 8, Tp. 16 S., R. 10 E. for the ditch constructed by him and completed in 1908; and that he has the right to use and maintain the same as now located subject to the use of the owner of the said SE $\frac{1}{4}$  of said section 8 for irrigation domestic use and as a conduit for waste water.

It is hereby further ordered, adjudged and decreed that J. N. Wilt and E. G. Wyman are given their appropriations for their respective lands out of Pole Creek but if they or either of them shall not be able at any time to secure sufficient water from said Pole Creek to satisfy their or either of their appropriations as hereinafter determined, then they or either of them, their heirs or assigns may take such deficiency from Squaw Creek as of the same priority as if taken from said Pole Creek.

It is further ordered, adjudged and decreed that each of the several appropriators of water for the purpose of irrigation as hereinafter set forth, is limited to an amount of

water sufficient for the irrigation and reclamation of the lands described herein as being the lands to which such water is appurtenant and the total volume of water so appropriated and hereby confirmed in each case, shall not exceed the rate of one (1) cubic foot per second of time for each fifty (50) acres of said land.

120

It is hereby further ordered, adjudged and decreed that a system of rotation in the use of water, among the appropriators of small amounts of water in the same neighborhood, has been in use, more or less, upon said stream, and adds greatly to the duty which said water may be made to perform; and that in the absence of an agreement between such appropriators arranging for such rotation and the manner in which such water shall be used in such rotation, the water master of the water district in which such water is situated shall arrange such appropriators in groups or systems of rotation, first giving to the appropriator who is first in priority an amount of water equal to the combined appropriations of all the appropriators in said group or system, for a length of time bearing the same ratio to the whole time required to make the complete rotation through the whole group of appropriators as the appropriation of the said first appropriator bears to the combined appropriations of all of said appropriators and shall next serve the next appropriator in priority with a like amount of water for his proportionate time and so on, until all the appropriators in said group are served; then the distribution of the water shall be repeated in the same manner throughout the irrigating season; that in case any two or more of the appropriators in said group shall have the same priorities, then the said water master shall distribute the water as between those appropriators having the same priorities to the one whose ditch taps the stream nearest its source first, and the next lower down next and so on; and where two or more appropriators agree as between themselves as to a system and manner of rotation in the use of their water, the said water master shall distribute their water in accordance with such agreement, Provided, that such arrangement into groups and systems shall not interfere with the prior rights of any appropriator not a member of such group or system.

It is further ordered, adjudged and decreed that the name and postoffice address of each appropriator of water from said lake and stream, in alphabetical order, together with the date of relative priority of each appropriation, the amount of such appropriation in cubic feet per second, the number of acres of land to which such appropriation is applied and to which such water is appurtenant, the use or uses for which such water was appropriated and is now applied, with the irrigation season thereunder in cases where such water is used for irrigation, the name of the ditch or ditches through which such appropriation is diverted, and a description of the legal subdivision in which such irrigated land is situated, with the number of acres in each such subdivision, arranged and set forth in tabulated form, opposite the name of each such appropriator, are as follows:

312 Edwin C. Wyman, #108 LaSalle, St., Chicago, Ill. Cap. in Pl. of Div. Sp. Or. Vol. 2, p. 342 Amended - Sp. Or. Vol. 3, p. 361	1885	2.5	87	Irrigation	Smith & Wilt Ditch out of Pole Creek and Squaw Creek		57 ac. in NE¼SW¼; 7½ ac. in NW¼SW¼; 7½ ac. in SW¼SW¼; 56 ac. in SE¼SW¼; Sec. 8, Tp. 15 S. R. 10 E. W. M. Reference is hereby made to Finding No. _____ herein, defining and limiting this appropriation.

It is further ordered, adjudged and decreed that the following named claimants to the waters of said Squaw Creek have initiated appropriations of the waters of said stream and its tributaries by beginning the construction of ditches or diversion works and preparing the lands intended to be irrigated under their respective appropriations for irrigation, but have not yet completed their appropriations and applied said water to the beneficial use designed by such appropriations; that such claimants have not yet had sufficient time within which to complete their respective appropriations although each of said claimants has used due diligence in the pursuance of work to complete his respective appropriation; that each of said claimants should be allowed until October 1, 1912 to complete such appropriations and apply such water to the beneficial use intended thereby; and that all of said claimants hereinafter named in respect to their respective rights be allowed to divert water from said stream in an amount sufficient to irrigate the number of acres set forth herein in the hereinafter tabulated statement, opposite the name of such claimant, or any part of such lands to the extent that such water so diverted shall be actually beneficially used thereon, not to exceed the rate of one(1) cubic foot per second of time for each fifty (50) acres so intended to be irrigated by such appropriation; that upon the expiration of the time limited herein the Superintendent of Water Division No. 2 shall, after notice to each such claimant, or his successor in interest, take proof or evidence as to the completion of such appropriations and the application of the water to the intended use and that said Board of Control shall make findings in accordance therewith and that a supplemental decree be entered pursuant thereto; that the names and postoffice addresses of said claimants,

INCORPORATE

together with the date of relative priority of each such appropriation as of which said claimant is entitled to divert such water; the amount of water intended to be appropriated thereby in each case in cubic feet per second of time and to which such appropriation is limited; the number of acres intended to be irrigated by such appropriation in each case; the use to which such water is intended to be put and to which such appropriation is now limited; the name of the ditch or ditches through which such diversion is intended to be made; and a description of the legal subdivisions of the lands intended to be irrigated under such appropriation, with the number of acres to be irrigated in each such legal subdivision; are as set forth in the following tabulated statement arranged opposite said name and postoffice address of each such claimant, as follows, to-wit:
